

Job Description – Excavator Operator

Blakemore is currently in search of an experienced excavator operator. Our ideal employee has 3 or more years' experience operating an excavator for a pipe crew (water, sewer or storm). Many of Blakemore's projects are in areas that have many underground utilities. Being able to work around existing utilities is required. The ability to operate various pieces of equipment is a plus.

Daily Responsibilities & Duties

- Complete daily maintenance of equipment
- Work around existing utilities
- Maintain a high level of production and efficiency
- Take direction from Foreman or Superintendent

Qualifications & Skills

- Current Driver's license
- Pass Background check and drug screening (required)
- Ability to lift and carry loads within limits set by OSHA regulations
- Spanish Speakers are highly sought
- Ability to analyze the condition of equipment
- Able to read survey layout
- Willing to work Monday through Saturday

Job Benefits

- Full Time hourly position
- Health Insurance
- Paid Holidays
- Paid Vacation
- Competitive hourly rate based on experience

- Opportunity for advancement
- Out of town work is rare
